By logging into Skyward Family Access, you are agreeing to the following guidelines:

1. Parents and legal guardians (except those barred by court order) may access their child's grades, attendance, schedules and other information as offered by the school's student management software. Any site containing the above information must require the parent to log in with a secure (using 128-bit encryption) login and password. If you have more than one child in the district, you'll be pleased to know that Family Access gives you access to all your children from the same login/password. You only need to fill out one enrollment form. Your login/password will remain the same until your child graduates.
2. **To ensure that the login and password is given only to the parent/legal guardian named on this form, you must complete this form in person at the main office. Please be prepared to show identification. Logins and passwords will not be shared over the phone.**
3. Each user is responsible for their individual login information and should take all reasonable precautions to prevent others from being able to use their account. This includes, but is not limited to, regularly changing the account password and not sharing the password with others. Users shall notify their child's campus administration immediately if a possible security problem has been identified.
4. By signing this application, parents (legal guardian) confirm that they understand and accept the guidelines and conditions for access to their student's digital records and waive any claims or causes of action that they may have against GCHS by reason of unintentional/disclosure through unauthorized access.

By signing below, I agree to the terms as outlined on this page.
