

10/20/20

Good afternoon,

The following announcement was just received from the Lake County Health Department. Gavin School District 37, Big Hollow School District 38, Fox Lake Grade School District 114, and Grant Community High School District 124 will be meeting later this evening to review local data and considerations, and weigh the Lake County Health Department recommendation to proceed with virtual learning.

As each of our Districts is just instituting our Hybrid/Blended Learning Plans, this comes as very difficult news for all of us. Please be patient as we review all data and considerations and we will be in touch tomorrow with specific details as to how we will move forward.

[Health Department Recommends Virtual Learning](#)

Sincerely,

Christine A. Sefcik, Ed.D. Superintendent Grant Community High School District 124

Julie A. Brua, Ed.D. Superintendent Gavin School District 37

Heather Friziellie, Ed.S. Superintendent Fox Lake School District 114

Bob Gold, Superintendent, Big Hollow School District 38
