## Internet Safety

The best tool we have to prevent internet crimes against children is education. If you're looking for ways to educate yourself, your children, co-workers, teachers, etc., we have compiled videos and resources that offer a variety of tools for learning and teaching how to safely use the Internet.

2020 Safer Internet Day

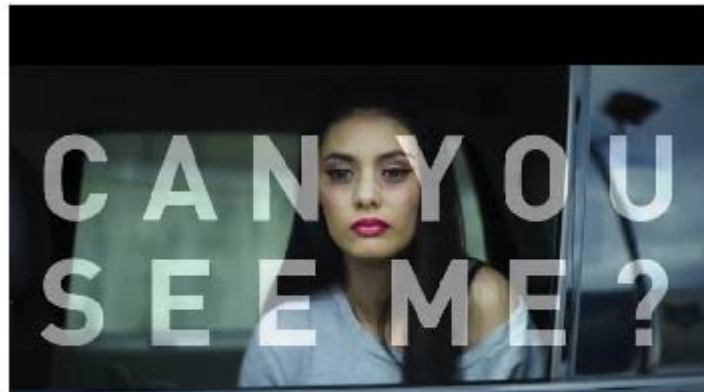

Take time to [learn more](#) about this year's Safer Internet Day (SID) celebrations that will take place on Tuesday, February 11th. The campaign's slogan, "Together for a better Internet", is a call to action for all stakeholders to join together and play their part in creating a better Internet for everyone, and especially for younger users.

We encourage you take a few minutes to read this year's featured article, [Sextortion: Stop It Before It Starts](#), written by Detective Christie Hirota with the Sacramento County Sheriff's Office ICAC Task Force. Detective Hirota shares tips for communicating with our children about sharing explicit images.

"The victimization of our children on the Internet is not a problem that we can rely solely on law enforcement to solve. It is vital that we educate and empower parents,

children and care providers if we are to have an impact in the fight against online predators". Mike Thorley; Arizona ICAC Commander.

## Featured Resources

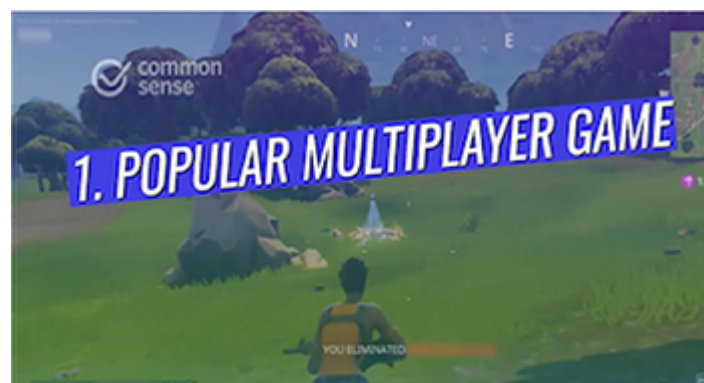

**Can You See Me? [Child Sexual Exploitation – USA]**

Video was produced by A21 in consultation with the U.S. Department of Justice and NCMEC.

**Be Careful What You Share Online**

PSA produced by the Department of Justice and the National Center for Missing & Exploited Children

**Parents' Ultimate Guide to Fortnite**

Video was produced by Common Sense Media to help parents understand this popular video game

## Resources

"The Internet holds tremendous potential for our nation's youth; however, the misuse of the Internet to prey on them is a serious problem requiring action by legislators, families, communities, and law enforcement."; See [Online Victimization of Youth, Five Years Later](#).

Find Internet resources which will help you and others get better informed about the current dangers and challenges in your effort to protect children across this country every day.

## Safer Internet Day took place on February 5, 2019.

Internet Crimes Against Children (ICAC) Task Force Commander Captain Mike Edwards and retired Missouri Task Force Commander Joseph Laramie, speak about law enforcements role in online safety (Min: 23:57-53:05).
